

A Trusted Voice for Victims of Negligence

Christopher Schumacher, In Memoriam

Trusted by Clients; Trusted by Attorneys

“The minute I heard Paul’s voice, I knew he was my attorney. It felt like home. Paul really cares, and he knew immediately what happened to me and my husband Chris was wrong.

“Chris went in for routine surgery to correct a hernia, but in the process, the surgeon nicked his bowel. He was discharged despite being in considerable pain. By the time he was readmitted to the ER and operated on 72 hours later, an infection had overwhelmed his system. He had a heart attack during surgery and could not be revived. He was only 56.

“Paul and the whole staff were wonderful and kept in touch frequently. I would use him again in a heartbeat.”
